PROFESSIONAL SUMMARY

A passionate MERN Stack Developer who loves creating clean, responsive web applications with modern technologies. Focused on writing efficient code and delivering user-friendly solutions that make a difference.

EDUCATION

Brocamp
Full Stack MERN Developer Program
2024 – 2026

PROJECTS & EXPERIENCE

MobiVault – E-commerce Website for Mobiles

Full Stack Project

Developed a complete e-commerce platform for mobile phones using the MERN stack. Features include user authentication, product catalog, shopping cart, order management, and admin dashboard.

OTP-based Authentication System

Backend Development

Built a secure authentication system using Node.js and MongoDB with OTP verification. Implemented email-based OTP generation, validation, and session management for enhanced security.
